- Variety of shapes and sizes
- Seamless pillow-case fabric with industrial zipper
- 100% polyester fire retardant fabric
- Full color dye sublimation printing
- Single or double sided printing options
- Padded carrying bag
- 5-year manufacturer warranty

The tension fabric system differs from traditional expandable type pop ups. It features a super simple, lightweight framework that clicks together effortlessly. The high-quality fabric print easily slips over the frame and is zipped tight, giving the display a wrinkle-free, stylish, organic look. The result of the stretched fabric is undeniably striking with no visible joints. It utilizes a 1.25" clear anodized snap tube aluminum frame system with a "pillow case" fabric graphic. This system is perfect for exhibitions, presentations, trade shows, car showrooms, and more. Our fabric is 100% polyester fire retardant (CAN/ULC-S109) and printed using a full color dye sublimation process, allowing a spectrum of vibrant colors and photographic potential on your display.
